LENTEK Gloves

LENTEK Gloves are engineered to create the best nitrile-foam coated glove available.

The LENTEK family of work gloves include:

- L-600 disposable gloves
- L-200 general purpose work gloves
- L-201 Insulated work gloves
- L-205 CUT5 cut resistant work gloves

DOWSIL™ Sealants

DOWSIL Sealants provide effective, reliable and cost-efficient solutions in our selection of professional grade sealant materials. Our sealants are 100% silicone with no extending agents added. DOWSIL's nearly 70 years of silicone expertise and innovation provide legendary silicone benefits.

Froth-Pak™ Insulating Foam

FROTH-PAK™ offers a full line of cost-effective, easy to use two-component polyurethane foams to help increase the energy efficiency and comfort of buildings as well as providing insulation for many manufactured products. FROTH-PAK™ Foam Sealant and Insulation Kits, are excellent choices for reducing drafts and energy loss and for increasing building comfort.

DOWFROST™ Heat Transfer Fluid

DOWFROST Heat Transfer Fluid is the only inhibited glycol made with DOW PuraGuard™ Propylene Glycol specified purity greater than 99.8%. A great way to prolong fluid lifetime and to lower your cost of ownership, is to use DOWFROST heat transfer fluid because it is made with the highest industry purity propylene glycol combined with long lasting, food safe, corrosion inhibitors.

- HVAC-R/Plumbing
- Geothermal
- Food and Beverage

GREAT STUFF™ Insulating Foam

The full-line of GREAT STUFF™ polyurethane-based insulating foam sealant fills, air-seals and insulates gaps, cracks and framing components with special formulations designed to provide sealing excellence in any situation including:

- GREAT STUFF™ Gaps & Cracks
- GREAT STUFF™ Big Gap Filler
- GREAT STUFF™ Fireblock
- GREAT STUFF™ Windows & Doors
